

Meet the rising demand for cremation by partnering with **Cold Spring Memorial Group** for your columbarium needs. We combine unparalleled expertise and design flexibility to translate your vision into reality. You can also provide families with other attractive, enduring cremation memorials that align with nearly any budget.

We will personally assist you through every step of the process, from columbarium planning and design through construction, installation, and post-installation marketing and promotion. Our people are especially skilled at helping you find creative ways to capitalize on the available space in your grounds.

ADDITIONAL OPTIONS FOR CREMATION MEMORIALIZATION

Find the broadest range of possibilities for capitalizing on the popularity of cremation. These solutions not only satisfy your clients' needs and budgets, they make smart use of available space.

Flat bronze and granite memorials

Bronze-on-granite memorials combine the rich beauty of bronze with the timeless durability of granite in many different styles and colors.

Pillars and boulders

Cremation pillars can be designed with a multitude of granite colors, words and images. Boulder memorials exude strength and beauty while complementing the natural environment.

Monuments and benches

Create a tranquil, contemplative and durable environment for anyone seeking to celebrate the memory of friends and family.

Community mausoleums

Made by artisans intent on perfecting their craft, mausoleums embody a unique blend of beauty, tradition and elegance in spectacular designs.

Private Estates®

These impressive, one-of-a-kind family mausoleums offer a distinctive presentation and everlasting remembrance of loved ones, with designs ranging from austere to ornate.

Cremation gardens

Transform seemingly unusable spaces into beautiful and profitable gardens that enhance the natural features of your grounds.

UNMATCHED EXPERTISE

Our consultants apply decades of experience to create the ideal solution for your clients. We employ talented designers and a dedicated construction team, and we maintain longstanding partnerships with proven architects. Our vast knowledge of materials includes granite, bronze, limestone, wood, metal, stained glass and more. All of which enables us to create true works of art and bring your most imaginative ideas to life.

END-TO-END SUPPORT

Depending on your needs, we can manage one, several or all of the steps required to make any columbarium concept a reality. Our turnkey support covers design, as well as construction, installation, promotion and ongoing service. This fully integrated approach enables us to tightly control quality and schedules, ensuring maximum convenience and cost-efficiency for your project.

VAST SELECTION

Our columbarium offering includes everything from the pre-assembled to the extensively designed, and includes both stand-alone configurations as well as those that reside within another structure. Combining the best in durability and aesthetics, your columbarium can also be customized with various architectural styles, carvings, murals, sculptures and other adornments. If you can imagine it, we can create it.

DISCOVERY

Every cemetery or church is unique. So are the families each memorial park serves. That's why we go to great lengths to thoroughly understand your needs, your spaces and your budget before any work begins. We will visit your sites to identify the scope and concept behind your columbarium project, and we will work together to explore what's possible for each of the grounds you manage.

DESIGN

Once a direction and estimate get approved, our design team will develop layouts and a detailed site plan that shows where and how your columbarium will be positioned within your space. Here is where you can consider incorporating everything from natural stone and bronze to stained glass and more. Bronze niche plaques may also be chosen to complement your columbarium design. In addition to the memorials themselves, your space may include gardens, fountains, ponds, statues, shrubs, trees, plants, flower beds and other landscaping elements.

"We asked Cold Spring Memorial Group to design a Columbarium that is 'Out of the Box' and Brad Barthelemy (designer) and our Cold Spring Representative went above and beyond. Our Michigan Memorial Lighthouse on the Huron River not only makes us (the company) smile but every family that sees it in our Park smile. It is beautiful! Thank you Cold Spring!"
- Kelly Dwyer, President of Michigan Memorial Park Cemetery

CONSTRUCTION

Our in-house construction division provides a licensed and bonded service for all types of projects, including turnkey services for columbariums, community mausoleums and private estates. This team will engineer and manage the entire process, from acquiring permits through fabrication, installation and landscape design. If you choose, we can also provide affordable ongoing maintenance.
